Experience

Cloud Infrastructure and DevOps Engineer

05.2025 - Current (1y+)

Coop Genossenschaft

Basel, CH

Terraform specialist with company-wide IaC ownership. Cloud Infrastructure, DevOps, and Automation with GCP, Terraform, and GitLab

- Designed, developed, and deployed enterprise-grade Terraform modules with testing procedure, powering 150+ company-wide GCP projects
- Built and maintained CI/CD pipelines and reusable GitLab components for streamlined, maintainable automation and deployment
- Supporting tasks and deployment automations in Kubernetes and ArgoCD

Cloud Engineer Intern

12.2024 - 05.2025 (6m)

MixLog

Ghent, BE (Remote)

Supporting the development team on cloud platform work for an early-stage product

- Migrated BaaS services from Firebase to AWS Amplify
- Automated user onboarding using Serverless Functions and GitHub Actions (CI/CD)

IT System Administrator and Client Engineer

09.2019 - 08.2023 (4y)

University of Basel

Basel, CH

Part of the IT department of 6 belonging to the faculty of psychology, taking responsibilities in all IT related fields in an allrounder role

- Led Study Management Solution project used by 1000+ students, improving workflow efficiency for both faculty and students
- Automated various steps of staging, rollout and security measures of macOS and Linux clients to 150+ faculty staff members, including researchers
- Managed 100+ virtualization containers using Proxmox, enhancing scalability and resource allocation

Software Engineer Intern

08.2019 - 03.2020 (8m)

University of Basel / Bank for International Settlements

Basel, CH

Contractor on a data processing project led by the monetary and economic department (MED) of the BIS concerning research in collaboration with University of Basel

- Converted and tested whole codebase from Python 2 to 3.5, improving performance and compatibility
- Maintained and sanitized 60GB+ of data using PostgreSQL, ensuring high-quality data for research analysis

Education

09.2023 - 08.2024

Language Exchange Program

Dokkyo University, Saitama, Japan

Activities:

- Tutoring in German, French and English
- Holding guest lectures about Swiss German
